### THE PRISON EVANGELISTS.

Two Ladies who Work for Others.

The two "Prison Evangelists" now in this city are Mrs. Wheaton and Miss Mary Mooieman.

The writer met Mrs. Wheaton yesterday on the street and she gave an interesting account of her work.

She is an elderly lady whose, sweet, kindly face and gray hair would protect her anywhere in the world.

She said: "I have spent years traveling over the country visiting prisons as commended by the World."

"I have visited every prison in the United States except Montana."

"I have no connection with the Salvation Army. I think the army does considerable good, but there is too much red tape, too many generals, colonels and sergeants for me."

"Besides all this General Booth the man who invented the system is making a pile of money out of it, and that seems to be his main idea."

"It rolls in from all over the world and he lives in high style."

"He never to my knowledge gave to the poor, but builds a fine home—for Booth."

"This don't look like saving souls."

"No we have no money from any source, except what people choose to give."

"I never ask anyone for a cent but except whatever people give who hear us preach."

"We are sometimes short, but never out of funds."

"See the railroads nearly all give me passes. Here are fifty or sixty, but some of the roads say that the Inter-State Commerce law prevents them giving any passes, but some Superintendents, God bless them, have told us that the law was a dead letter on passes and I guess it is, as I never saw anyone go to jail yet for issuing a pass."

"We have traveled over 60,000 miles preaching to prisoners. I can tell just how prisoners are treated. Those at this prison are well treated and all speak well of the management. Some of the Prisons I have visited have had managements and that hardens their souls. The better you treat them the easier they are to reprove."

The ladies will be at the Prison to assist the chaplain in his service this afternoon.

### THE TRAIN SCHEDULE.

**The Real Cause of the Delay.**

An APPEAL reporter took a trip down the C. P. road a few days ago to ascertain the cause of the delay in trains.

He made an entire examination of the time cards and arrival and departure schedules and made the startling discovery that the trains are being run on a time card intended for some other road.

It appears that the time cards are printed by H. S. Crocker & Co., San Francisco, and the printer got the time card of the Overland road mixed up with the Oroville road that only runs trains tri-weekly.

The Oroville road has been trying to run on the C. P. card and the C. P. line has been banging at the Oroville time card.

The mistake has been laid before the Directors and they will hold a meeting January 6th to straighten matters out.

### Ladies

In delicate health, and all who suffer from habitual constipation, will find the pleasant California liquid fruit remedy, Syrup of Figs, more easily taken and more beneficial in its effect than any other remedy. It acts promptly yet gently on the Bowels, Kidneys, Liver and Stomach, and does not sicken or debilitate. For sale by Geo. C. Thaxter, agent.

### A REMARKABLE CANE.

The One Presented to Senator Stewart by the Prison Officials.

Last evening a cane was expressed to Senator Stewart as a gift from the officers of the State Prison.

It is composed of 5,674 pieces of wood, for which the earth was ransacked. There are 35 distinct varieties of wood of different colors inlaid in so complicated a way that no description of the work can give any idea of its intricacy and beauty. The handle is of native Nevada silver, and abalone shell.

The cane lies in a handsome case also made by the prisoners, and goes to Washington accompanied by a handsomely engrossed letter from the donors and a list of the woods used in the construction. The following is the list:

Mora, Chili Cherry, Maine Rosewood, Brazil Ebony, Ceylon Contra Pico, Peru Chestnut, Eng. Ambone, Africa Rosewood, Cal. Olive, Persia Tulip, S. S. Isles. Walnut, Circassia White Holly, Scot. Mahogany, Hon. Amaranth, Rio Jan Blackthorne, Ire. Sandalwood Arab. Manzanita, Cal. Osage Orange, Cal. Ash, Hungary Maple, Canada Corpus, Panama Palo Santo, Mex. Cedar, Spain Rosewood, San Do. Laurel, Cal. Sycamore, India Satin Wood, Cey. Tania, Honduras Hickory, Ohio Lignum Vitae, Hon. Cocobolo, Africa Madrona, Cal. Butternut, Geor. Mt. Mahog'y, Nev. Sage Brush, Nevada.

### THE COUNTRY IN FLAMES.

**A Sight of Unequalled Grandeur in the Sierra.**

The Truckee Republican of the 29th instant says: "The whole country along the railroad from Cisco to Blue Canyon is covered with fire and the air is filled with flame and smoke."

Every little while the fire communicates with the snowsheds and unless the water trains are on the lookout serious damage results.

Last Sunday about 600 feet of sheds were burned and all the trains were delayed, No. 3 being fourteen hours late. The railroad company has three water trains fighting the fire wherever it can be reached, but it is spread over such an extent of country, there is no hope of extinguishing it except by a heavy storm. The view of the fire at night is said to be grand and awful.

"There is one place near the railroad where a whole mountain is ablaze and has the appearance of emitting flames and smoke. It is just far distance enough to render all objects indistinguishable except the tongues of fire as they flash upward all over it. One who witnessed the sight said that it equaled in grandeur and sublimity the eruption of a big volcano and was worth going a long distance to behold."

### AN EMPHATIC DENIAL.

**John C. New Throttles a Campaign Story About Harrison.**

NEW YORK, Aug. 30.—General John C. New emphatically denies the story that General Harrison ever said one dollar a day is enough for a workingman. New says: "If Isam Hughes or any reputable citizen makes an affidavit that Harrison said this, I have money in the bank to more than pay the \$2,000 reward offered. No man can make such an affidavit without perjuring himself. If any man does make such an affidavit I shall have him arrested immediately, because there is not a word of truth in it."

### An Overdose of Morphine.

Early yesterday morning Dr. Redman was called upon to attend Mrs. Barton, who had taken an over-dose of morphine. Before he arrived she threw it up, and her life was saved after the Doctor administered strong coffee. She says that she sent a little girl the day before to get some morphine for her to induce sleep. She went to Chedie's store, where she got fifteen grains separated into five three-grain doses. An eighth or sixth of a grain is considered a dose. Had there not been enough to have caused the stomach to revolt the affair would have terminated fatally. The APPEAL understands that Chedie's regular drug clerk was absent at the time.
